

Group Policy

Environmental & Sustainability Policy Statement

Metro Services Group is the trading name of a group of companies incorporating Metro Rod Ltd, Metro Plumb and Kemac, who provide infrastructure support services to the Utility sector, including drain care and repair services, CCTV drainage surveys and basic plumbing works.

We are committed to delivering services and projects to our clients in a responsible manner. As such, we make every effort to reduce our environmental impacts, continually improve our environmental performance and support clients in reaching their environmental goals.

Our key environmental commitments are to:

- Comply with, and where possible exceed, applicable legal and other requirements ;
- Prevent pollution of land and water;
- Promote improved fuel and energy efficiency;
- Reduce waste and actively promote re-use and recycling across our business;
- Conserve and promote biodiversity through raising awareness and effective control measures;
- Monitor our environmental performance and set objectives and targets;
- Integrate environmental innovation and efficiency in project design, construction and the services we provide;
- Work with our franchisees, suppliers and contractors to support our efforts and to promote sustainability in everything we do.

This policy applies to all Metro Services Group operations and will be communicated to all those working for or on behalf of the Company.

Colin Davis, Managing Director
April 2017

This policy is maintained by Metro Rod Ltd's SHEQ department and will be publicised throughout the company on notice boards, internal intranet facilities and made available to external parties on request.
